

STATEMENT OF PURPOSE

RS22163

The purpose of the legislation is to update Idaho schedule 1 regulations regarding synthetic cannabinoids (e.g. Spice) that mimic the effects of Cannabis. The update explicitly includes emerging parent structures of synthetic cannabinoids. This proposed legislation makes permanent changes recommended by the Idaho Board of Pharmacy on August 22, 2012 and signed by Governor Otter on September 4, 2012. The action by Governor Otter specifically included the parent structure for UR-144, XLR-11. This proposed legislation also adds the parent structure of STS-135, another emerging synthetic cannabinoid structure.

FISCAL NOTE

There is no fiscal impact to the general fund.
